4 Amazing Cheeses supplied by Premier Cheese of Bicester

Coastal Cheddar

- Is different from any other Cheddar because it has a crunch!

Exmoor Blue

- A semi-soft blue veined cheese. It has a buttery taste which comes from the Jersey milk with herbal undertones. The blue is just strong enough to give a little tang without overwhelming the background flavours.

Win Green

- Is an unpasteurized cows milk from Devon matured for 4 weeks and made with vegetarian rennet. Has a mild and creamy flavour.
